

# Gedichte gegen den Coronablues

Frei nach der Unterrichtseinheit: Text Smart 1: Poems and songs entstanden Ende November 2020 in der Klasse 7d Gedichte oder Aphorismen über Glück. Schön verziert wurden diese Gedichte als Motivation auf die Bänke der Schüler/innen angebracht.  
Die Klasse würde ihre Gedanken gerne mit der Schulgemeinschaft teilen.  
Klasse 7d

For happiness you do not need a lot,  
just add positivity on top!

Eat so long until your belly hurts!

Eat as if you can't get fat!

Live your life like no one can stop you.  
Enjoy every moment with your family as long as  
you can!

When you don't expect anything, you will never  
be disappointed!

## Happiness

Going to school is cool.  
7d is perfect for me!

Happiness for me is swimming in the sea.  
I`m smiling like the sun,  
when I have a lot of fun.

I can see  
my friends have much fun with me!

## Sunshine

When you smile every day,  
you go the right way.  
As happy as the sun,  
you will really have fun.

Make yummy ice cream  
and live in your dream.  
You can go to the beach  
with all the sand  
or you can go to Disneyland.

You see a pony  
with a horn,  
you have an idea -  
it is a unicorn !
